This year, our staff have taken part in a range of CPD activities that reflect our collective effort to raise standards and remain responsive to the evolving needs of education.

Key areas of focus have included:

- Exam Invigilation

These sessions have provided valuable insights and practical strategies to enhance our day-to-day roles, whether in the classroom or in administrative capacities.

STAFF APPRECIATION DAY CUM TEACHERS' DAY 2025

Staff Appreciation Day at Imperial International School was a beautiful celebration of the dedication, care, and passion shown by our teachers and staff each and every day.

Held in conjunction with Teacher's Day, the occasion brought our school community together in a spirit of gratitude and joy. Staff and students came prepared with light morning treats for a potluck-style breakfast, while heartfelt class performances added a personal touch that truly warmed our hearts.

It was more than just a celebration - it was a reminder of the invaluable role each staff member plays in creating a nurturing, engaging, and inspiring environment for our students. From teaching and mentoring to administration and support, every individual contributes to the success of our school community.

We extend our deepest appreciation to all teachers and staff for your unwavering commitment and tireless efforts. Your work continues to make a profound difference in the lives of our students.
