

A MESSAGE FOR OUR NEW INTERNATIONAL STUDENTS: FINDING YOUR PLACE IN A NEW CULTURE

Studying in a new country is an exciting and meaningful experience, and we recognise that adjusting to life in Malaysia and at Imperial may take time. New surroundings, cultures, and routines can be both rewarding and challenging, and we want you to know that you are fully supported.

We encourage you to learn about Malaysia's culture, customs, and daily practices, as this will help you feel more confident and comfortable. Learning a few basic Bahasa Malaysia phrases can also be very useful and is a sign of respect when interacting with the local community.

Connecting with fellow international students can provide reassurance and a sense of belonging, as many are navigating similar experiences. At the same time, building friendships with local students and taking part in school activities will help you settle in more quickly and feel at home.

There may be moments of excitement as well as moments of difficulty. This is a normal part of adjusting to a new environment. Take care of your well-being, maintain healthy routines, and approach new experiences with an open mind. Do not hesitate to speak to a teacher or member of staff if you need guidance or support.

Your time at Imperial is about academic success, personal growth, and developing global understanding. We encourage you to be open, engaged, and confident as you begin this new chapter with us.

Mr Tristan Brendon Tann, Deputy Principal

A little girl's pledge - Lets take a moment to appreciate the patriotic spirit of our young ones.

Abigail raised her right hand high.

"We, the people of Malaysia, pledge to concentrate our energy and efforts..."

Her voice joined hundreds of others—clear, strong, unashamed. The words weren't just memorised anymore. They were hers.

"Belief in God. Loyalty to the King and Country. Supremacy of the Constitution. Rule of Law. Courtesy and Morality."

Five principles. Simple words that held everything.

Abigail glanced at the faces around her. Different homes, different languages, different dreams.

But the same hand raised.

The same oath spoken.

When the final line of the oath was spoken, Abigail felt it—a quiet pride swelling in her chest.

This was her country. These were her people.

No matter how different we are, we are the ones that make Malaysia.

ASSEMBLY HIGHLIGHTS | 12 JAN 2026 OUR YOUNGEST LEARNERS TOOK THE STAGE

The dance that made us laugh and giggle

When the curtains swooshed open on performance day, there stood our Early Years learners—a wiggling, giggling army of tiny humans with grins so wide you'd think they'd swallowed sunshine for breakfast. Their eyes sparkled with the sort of mischief that only very small children possess when they know something tremendously exciting is about to happen.

"Hello-hello!" they sang out, their voices bouncing around the room like happy little rubber balls. "How are you? Nice to meet you!" They twirled and bobbed and bounced to the music. What made it truly magical, though, wasn't just the dancing or the singing. It was watching these small, brave souls standing on that stage, their confidence growing with every "hello".

We are always so proud of our early years students.

Student Council Elections

During our recent assembly, we introduced the candidates standing for the 2026 Student Council leadership roles. Students were presented with candidates for President and Junior Vice President, each demonstrating confidence, commitment, and a clear desire to serve the school community. The session provided an important platform for students to step forward as leaders, share their aspirations, and model responsibility, courage, and initiative. It also marked a meaningful learning experience for the wider student body, reinforcing the values of student voice, participation, and democratic choice.

We commend all candidates for their willingness to lead and contribute positively to school life, and we look forward to an exciting and purposeful Student Council year ahead.
