

Fire Drill – Safety First

Fire Safety Drill: A Visit from the Fire Department

This term, our school welcomed members of the local fire department for a fire safety drill that went beyond the usual routine. Students had the opportunity to operate a real fire extinguisher under professional supervision — a hands-on experience that brought classroom knowledge to life.

Through the exercise, students were introduced to the PASS technique:

PULL – AIM – SQUEEZE – SWEEP

Students participated with enthusiasm and handled themselves with confidence throughout. It was a valuable reminder that safety education is just as important as academic learning — and our students rose to the occasion.

CONGRATS to our March Stars!

As we step into our final term, we carry with us the lessons and experiences of the terms before. This is the stretch that matters — a time that calls for renewed focus and the commitment to give one's very best right through to the end.

Before we set our sights forward, we pause to honour our Stars of the Month for March who did not just meet expectations — they exceeded them. Through dedication and effort, they have raised the standard for those around them, and their contributions to our school community deserve to be recognised.

CONGRATS to our TERM 2 Stars!

With each completed term, a legacy is built and its built through the choice to keep going even when it was hard.

This award is not simply for outstanding results — it is for the student who showed up, those who chose effort over ease, and who pushed through even on the days it would have been simpler not to. Through every challenge and setback, they gave their best regardless.

They made their teachers proud, their family proud, and above all — themselves proud.

Because anyone can rise to a great moment. It takes true character to sustain it across an entire term. That is what this award honours.

Learning through play

Learning Through Play — Year 1 Got WILD!

There is something wonderful about watching young children learn without realising they are learning. Our Year 1 students took to the stage this term, bringing the animal kingdom to life through sound, movement, and expression — and the joy in the room was unmistakable.

Every roar, moo, and meow carried with it real skill — listening, confidence, and language, all developed through the simple act of play. It was a gentle reminder that at its best, learning does not feel like work at all.

Well done, Year 1. You were magnificent.

IMPERIAL INTERNATIONAL SCHOOL

LANGUAGE WEEK 2026
IN CELEBRATION OF
WORLD BOOK DAY
Read • Speak • Inspire

Language Week & World Book Day

21-23 April 2026

+6017-6044968 enquiry@imperial.edu.my

Next week, our students will be sharing their stories and poems — and we can't wait. Then get your costumes ready, because World Book Day is coming up, and we'd love to see parents and students dressed as their favourite book character.

The competition schedule for language day will be shared with the students soon.
