

Selamat Hari Merdeka & Hari Malaysia!

On the 14th of September, the school marked its annual Merdeka and Malaysia Day celebration with a formal assembly that brought together students, educators, parents, and distinguished guests to honor the nation's heritage.

The event was honored by the presence of Yang Berhormat Chan Ming Kai, Political Secretary to the Prime Minister of Malaysia, alongside Mdm Norlinda Binti Mohamed Ibrahim, Chief Assistant Director of the Private Education Unit of Perak. Their attendance underscored the significance of the occasion within the educational community.

The morning's formal proceedings commenced with welcoming remarks followed by an inspiring address delivered by YB Chan Ming Kai. Following his speech, YB formally launched the opening ceremony to officially inaugurate the celebration. In appreciation of his time and support, a token of appreciation and souvenir was presented to him on behalf of the school.

The formal segment was followed by an engaging lineup of student performances. These cultural showcases and historical tributes highlighted Malaysia's rich diversity and the collective history of its people, allowing students to demonstrate a strong appreciation for national identity and the principles of harmony.

"Malaysia is a tapestry of cultures where every thread matters. When we stand together, we don't just share a nation—we share a home."

Congratulations to the winners of the Art competition!

Our winners for Write Malaysia!

Qi Bin

Sudharshini

Vyhaan

This year, our Language Department organised the Write Malaysia Competition, giving our students an opportunity to express their creativity, share their perspectives, and showcase their writing talents. After weeks of careful research, and heartfelt dedication, they poured their best work onto the page, reflecting a deep and inspiring connection to our nation.

5 minutes with YB Chan Ming Kai

Our student editorial team had the unique privilege of sitting down for a short chat with Yang Berhormat Chan Ming Kai, Political Secretary to the Prime Minister of Malaysia. YB shared valuable insights with our student journalists where the conversation touched upon the importance of continuous learning, leadership development, the value of staying connected to our nation's history, and the power of student involvement in school activities beyond the classroom.

It was an inspiring experience for our editorial team, providing them with meaningful advice on personal growth, discipline, and community engagement—equipping our young writers with memories and mentorship that will undoubtedly shape their journalistic journey for years to come.

Assembly Highlights – 21 Sep

IMPERIAL WUSHU TAOLU WARRIOR MING JIE

Discipline, dedication, and determination define Ming Jie, an outstanding Imperial Wushu Taolu warrior. Balancing the demands of rigorous training with her academic commitments is no small feat, yet Ming Jie manages both with incredible grace and focus. As a hardworking student with grand ambitions, she approaches every challenge—whether on the Wushu mat or in the classroom—with unyielding effort. Her journey serves as an inspiring reminder to us all that with true discipline, no goal is out of reach.

Year 8 Yard Sale Brings Entrepreneurial Learning to Life

The campus buzzed with excitement as Year 8 students hosted a lively School Yard Sale from 22-24 September 2026 as part of their PSHE learning. Designed to put financial literacy and entrepreneurial skills into practice, students managed booths featuring a wide range of pre-loved items—including clothes, books, toys, and stationery—priced between RM1 and RM50.

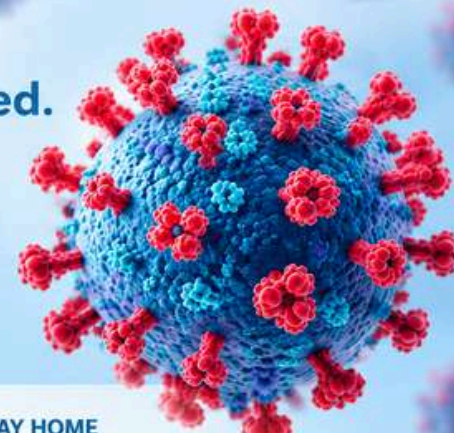

Following its initial launch during Tuesday's lunch, the sale continued during morning break on Thursday, 24 September. It was wonderful seeing our student entrepreneurs in action, and we thank the school community for stopping by to support their learning beyond the classroom!

INFLUENZA A

Stay Informed. Stay Protected.

Influenza A is an acute respiratory viral infection (ARI), a respiratory illness caused by infection with the influenza A virus H1N1, characterized by the sudden onset of high fever, chills, cough, runny nose.

GET VACCINATED
Annual flu vaccine is the best protection.

WASH YOUR HANDS
Wash hands often with soap and water.

COVER COUGHS AND SNEEZES
Use a tissue or your elbow to cover.

STAY HOME
Stay home if you're sick to protect others.

Following a recent visit from the Pejabat Kesihatan Daerah (PKD) and identified cases of Influenza A within our school community, we want to remind everyone to maintain our enhanced preventive measures to protect our students and staff.

As advised by district health officials, please continue to follow these precautionary protocols while on campus:

- Practice Good Hand Hygiene: Sanitise your hands regularly, especially before and after interacting with students.
- Mask Up: Wear a mask while in school, particularly during close contact with students.
- Keep Workspaces Clean: Regularly sanitise your personal working table and desk area.
- Avoid Sharing Items: Do not share personal items such as water bottles, cutlery, or stationery.
- Monitor Symptoms: If you feel unwell or develop flu-like symptoms, please inform your HOD or management immediately and seek medical attention.
